Service Vehicle Route:

Service vehicles may not deviate from the prescribed service route.

Prescribed service route: Service vehicles may travel along the liaison sections of the rally route as identified in the Road Book without limitation with the exceptions listed below. Each service crew will be issued its own Road Book at Registration.

Trailers and very large service trucks are NOT PERMITTED in the Spectator Areas because of space limitations.

Service Vehicle Route for Day 1:

The service route is identical to the rally route.

Exception: Upon reaching the Remote Refueling Zone in Wawarsing (Road Book, Page 5, 0.63 mile after Instruction 18), the service crew is authorized to proceed to the Spectator Area at Lundy Road and Rogues Harbor Road (see map).

Service Vehicle Route for Day 2:

The service route is identical to the rally route.

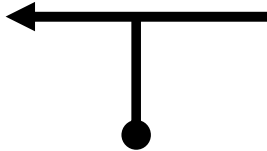

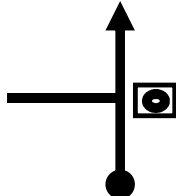

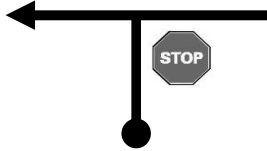

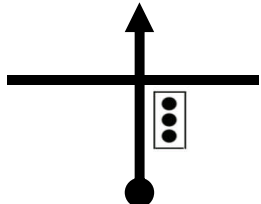

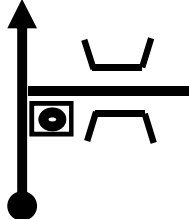

Exception 1: Service vehicles MAY NOT follow rally cars directly to the Spectator Area at Rainbow Lodge at the start of Special Stage 15 because the Town does not allow service traffic on Readburn Road. This will be enforced by marshals and police.

Therefore, service vehicles MUST leave the rally route at Instruction 11 on Page 57 of Road Book (make a left instead of right and follow Route 206 West) and MUST proceed according to Page 2 of 2 of this Bulletin. This brings service vehicles to Instruction 9 on Page 66 of Road Book. From there, service vehicles MUST proceed to Service Park at Fairgrounds as indicated in the Road Book.

Exception 2: Upon reaching the Service Park at Fairgrounds, the service crew is authorized to proceed to the Spectator Area at Rainbow Lodge according to Pages 72 through 74 of Road Book. Only smaller vehicles and no trailers are allowed.

Change to the Configuration of Service Park at Delaware County Fairgrounds (refer to the diagram in the Road Book):

Service vehicles may be placed and service is authorized only in section of the parking lot immediately adjacent to the start of the Super Special Stage and the Ceremonial Finish Area.
